PROJECTS

RishtaElite — *matrimonial platform*

- Built a bilingual 9-page matrimonial platform (about 6,900 lines of HTML, CSS and vanilla JavaScript) on Supabase: Auth, Realtime, 5 core tables and 2 Storage buckets.
- Implemented registration, login and custom two-factor authentication: EmailJS-delivered one-time codes hashed server-side, plus custom password reset, across 4 Supabase Edge Functions.
- Built real-time messaging: connection requests, read receipts, typing indicators, emoji reactions and voice messages.
- Restricted sensitive profile data with a public-profile view and a security-definer admin check; built an admin panel.
- Added an English/Urdu toggle across all public pages, a light/dark theme and a WebGL animated hero.
